

## ***Safety Protocols in Place!***

To All Our Valued Clients and Partners

Burgess Inspections is dedicated to keeping our clients, Realtors and inspectors safe and healthy during the **COVID-19 outbreak**. We want to assure you that we are taking appropriate steps to best protect the health and wellness of everyone and to continue to provide the service you need to complete all transactions in a timely manner.

Our inspectors will be following these protocols to prevent transmission of the virus:

- Inspectors will be using hand sanitizer or washing their hands before, during and after the inspection (paper towels used will be removed from the home)
- Inspectors will wear gloves during the interior portion of the inspection (gloves will be removed from the home)
- Inspectors will wear protective shoe covers (when available)
- Inspectors will wipe down hard surfaces as appropriate that may have been contaminated (i.e countertop)
- Inspectors will maintain a safe distance from any clients or others attending the inspection (minimum 6 ft)
- Inspectors will refrain from any direct contact (including the traditional hand shake)
- Inspectors will wipe and disinfect all radon machines before and after each use.
- Inspectors will not attend any inspection if they have any symptoms or have had direct contact with anyone deemed at risk of infection (note – Burgess Inspections will make every effort to accommodate the same time schedule with another inspector)

*We are asking if you are aware of any illness of residents at a property we will be inspecting, to please call to reschedule that inspection as soon as possible.*

*For the safety of our clients, sellers and inspectors, if clients choose to not attend the inspection, we will answer any questions by phone after receiving their report. For clients attending the inspection we request that the recommended CDC protocol be followed and limit the number attending to no more than two, do not bring children and maintain a safe distance while at the inspection. Clients may also attend the last scheduled hour of the inspection for an overview of the findings. Please have the agent notify the inspector if the clients plan to attend so that the inspector will not leave. We appreciate everyone's support to allow us to continue to provide our high level of service and protect everyone.*

***If you have any questions, please call us at 844-804-9219***
